

MachDB - Feature # 37: Add extra instruction in the UPGRADING section of README

Status:	New	Priority:	Low
Author:	dflores	Category:	backend
Created:	04/27/2009	Assigned to:	nathan
Updated:	10/21/2009	Due date:	
Subject:	Add extra instruction in the UPGRADING section of README		
Description:	In the upgrade instructions, it would be useful to have that the "USER CONFIG" section of the 'machdb-send' file will need to be updated with the users configuration. Additionally, it would be nice if the default wasn't pointing to your own installation, collecting data from unsuspecting users.

- Target version set to 0.5.3
- Estimated time set to 0.25

You're right, I shouldn't. But it was a nice mistake, as it gave me some great user metrics. ;-) This will be fixed, for privacy reasons.
